According to the article 3. *Modification of the Tender Announcement and clarifications* which is a part of the Tender Announcement published on the 27<sup>th</sup> of January 2023, in case of a need for changing the Tender Announcement (e.g. if the economic entity requires additional information, clarifications or changes related to conditions from the Tender Announcement, before the deadline for submission of bids/offers has expired), it has to be transparently published, and/or sent to all potential Tenderers (in case the Invitation for submitting an offer has been sent to more economic entities), so that all economic entities are informed about the change at the same time.
